Leader France

In 1997, an initiative of Local Action Groups (LAGs) created Leader France, a national federation dedicated to the coordination of rural territories engaged in LEADER approach and managed by territorial representatives.

Leader France's main mission is to promote all rural areas' successes and to relay the difficulties encountered. As a member of many institutional bodies, Leader France is a recognized partner at a national and a European level.

Founding member of ELARD and active member of several European bodies on rural development and Leader-CLLD, Leader France is committed to defending our common European values and acts to promote LEADER - CLLD, which is undoubtedly the only European program that puts Europe in the heart of our villages.

Leader France now represents the 330 rural areas involved in the LEADER approach to programming 2014-2020 which include more than 26 800 municipalities and 28 million inhabitants.
