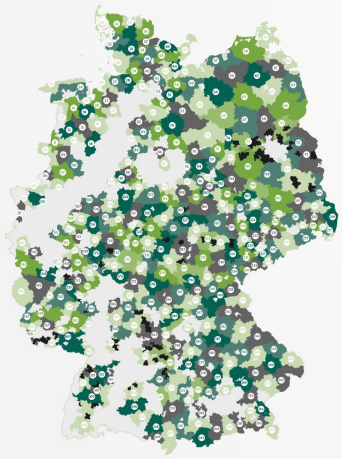
- CLLD ERDF budget – n/a
- CLLD ESF budget – n/a
- CLLD EMFF budget – 21M€

321 Rural LAGs



The German LEADER Association

The German LEADER Association (BAG LAG) was found in 2016 with 18 Local Action Groups. Meanwhile 150 German LAGs are member of the BAG LAG.

The aim of the association is to strengthen the bottom-up approach and the LEADER method at all political and social levels in Germany and in the EU and to cooperate with LAGs from all Member States.

We believe that active participation of regional and local actors in the development and implementation of regional or local strategies is an important basis for sustainable development in our rural areas.

We want
- to optimize the framework for the work of the LEADER action groups, especially for the implementation of the bottom-up approach
- to represent the German LEADER action groups at federal and European Union level
- to promote the exchange of experience and networking as part of the rural development.
- to work for a continuous development of the LEADER-Approach
- to support rural areas and their stakeholders.

The German LEADER association in action: BAG LAG promotes LEADER with an own booth at the International Green Week and works for a better funding framework in many national meetings.
